

Around  
the Square

Just about half the town was watching the paving operations in the shopping center yesterday and Tuesday.

Always quick to rally behind a civic need, the NEWS was not caught napping this time. Some 50 "exclusive" membership cards were promptly printed and issued to the construction kibitzers. The cards stated:

"Member, Sierra Madre SIDE-WALK ENGINEERS for Black-Topping Operations, Aug. 27-31, 1951."

Toeless shoes were definitely out of vogue for women shoppers Tuesday. Dottie Underwood, advertising manager of the NEWS, found this out the hard way and suffered a mild "hot foot."

As she crossed Baldwin—just after a run by the blacktopping crew—Dottie said she thought she was taking part in a pagan fire-walk dance on some Polynesian isle.

Although a bus-waiting shelter has been promised for the Depot Triangle, we can't help wondering this: How many merchants of other communities would help finance something to make it more convenient for residents to go out of town to shop?

Darned few, we think. In some towns, we dare say, businessmen would be plotting instead how to get air out of bus tires to keep wandering shoppers at home.

Don't get us wrong, though. We have no argument with plans for a waiting shelter. We've just been shown that it can even rain here.

If we seem to dwell on the street repair project, it's because we've been able to concentrate on little else all week. It was so much fun watching that pre-mix spreader Tuesday that Publisher Mrs. John E. Ward feared the NEWS never would come out.

Mrs. Mary Perkins, 560 Brookside Lane, lived on eternity of anxious moments one day last week when her 3-year-old daughter couldn't be found. She phoned police that her child was lost in the neighborhood and asked for help. Mrs. Perkins' call a little later, though, was on a happier note.

It seems the toddler had crawled up into a cupboard of her house and was found—peacefully asleep.

Now that the depot is gone, it seems a little inappropriate to keep the old name, PE Triangle, for its former site. Perhaps the area could be named after a prominent citizen or a serviceman who gave his life. Let's have some suggestions.

PIPELINE WORK  
STARTS ON LIMA

Work begins next week on laying approximately 1700 feet of pipeline on North Lima.

The City Council recently purchased the water main piping from Garnier Construction Company.

City Planners Study  
'Mama Pete's' Request

"Mama Pete's" request for a zoning variance governing her nursery school property met both opposition and support at last Thursday night's meeting of the Planning Commission.

And after protests and "testimonials" were heard from many quarters, weary city planners postponed a decision until the next meeting—until after they've had a chance to weigh the evidence and study signatures on two conflicting petitions.

Mama Pete (Mrs. Marjorie Peterson) hopes for a variance so she can qualify for a state license for the nursery school she has operated for six years at 71 Suffolk. The state, she said, will not issue a license until the variance from R-2 zoning is granted for her prop-

Dr. Vannier  
Assigned to  
US Research

Dr. Wilton E. Vannier, son of Mr. and Mrs. Webster Vannier of 131 Bonita, left Saturday for Chapel Hill, N. C., to enter the United States Public Health Service as senior assistant surgeon in the field of Immunology-Chemistry (research in use of drugs to prevent disease). En route he will spend a month at Hot Springs, Ark., for observation and orientation in the clinical methods of Public Health Service.

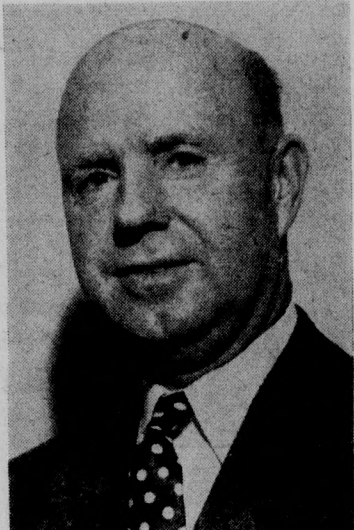

Dr. Vannier, a scion of one of Sierra Madre's oldest families realized his intense interest in research several years ago and has been recently working in that capacity at Cal-tech.

HOPPER'S PARK  
TO GET NEW  
WATER FOUNTAIN

A new drinking fountain was ordered Tuesday for "Hopper's Park," the tiny plot of land containing the Kersting Court pepper tree.

The city action was spurred by Councilman Herman Barter who described the present fountain as "of no use whatever and quite unsightly."

Although two of the councilmen asked a delay until the triangle plans are completed,

BYRON HOPPER  
... "park superintendent"

Mr. Barter said, "In the meantime, we need a drinking fountain."

Councilman Henry Korsmeier suggested a "squirrel-proof" head when Peter Ward of the NEWS testified that the old one was disconnected because children were able to spray water all around the sidewalk.

The fountain was authorized by a 3-to-2 vote.

Meanwhile Byron Hopper, unofficial guardian of the "park" for several years, already has filled in new dirt and planted a crop of grass.

Manns Take Over  
Local News Stand

Screen Actor Hank Mann and wife, Dolly, have taken over ownership of the Sierra News Stand, 15 Kersting Court.

Terms of the sale from Miss Cordelia Jerome, owner and operator of the restaurant and magazine stand for four years, went into effect Aug. 28.

Mr. Mann, a veteran motion picture actor, was one of the original "Keystone Kops" of Mack Sennett and has played in numerous films down through the years.

Harold Spears, local contractor, was instructed by the Planning Commission Thursday to submit a map showing the entire area on North Auburn he plans to subdivide, and his proposed method of subdivision.

On City Engineer L. Frederick Pack's suggestion, Mr. Spears also was asked to obtain a tract map number and a report from the County Flood Control District showing the "natural drainage course affecting the area."

Mr. Spears, who plans to present to divide his property into four parcels, said he would supply a document showing plots of 60 feet on Auburn and 77½ feet in the rear, 25-foot deed easements with 12½ feet to each lot, and deed restrictions for one house on each lot.

FROM THE RUBBLE where the old PE Depot formerly stood, Sierra Madre Artist Alfred James Dewey salvages two relics of the by-gone days. The sign and ticket office window, Mr. Dewey hopes, can be auctioned off as souvenirs by a civic organization. He suggests that the Red Cross might use them during their funds campaign next year. Wreckers got the "green light" to raze the station from Harold Stein, president of the Businessmen's Association, after the Lions Club withdrew its request to use it as a meeting place for local Sea Scouts.

WRECKERS MAKE SHORT  
WORK OF OLD STATION

With a muffled crash and billow of dust, the last remaining wall of the old PE Depot crumpled to the ground shortly before noon Tuesday—ending an era in Sierra Madre's history.

NEW PUPILS  
TO REGISTER  
NEXT WEEK

Registration of kindergarten and other new pupils at Sierra Madre City School will be conducted next week, Sept. 4 to 7, and two days of the following week, Sept. 11 and 12.

Charles A. Skutt, superintendent of schools, pointed out that the school offices will be closed the Mondays of Sept. 3 (Labor Day) and Sept. 10 (Admission Day holiday).

The superintendent explained that a three months' age difference will affect kindergarten and first-grade pupils who register late for the fall semester—on or after Sept. 22.

At that date, in compliance with California state legislation, children must be at least 4 years, 9 months old to enter Kindergarten, and 5 years, 9 months old for entrance in first grade.

At present and for pupils entering when the semester begins Thursday, Sept. 13, the old law still is in effect—4 years, 6 months for kindergarten, and 5 years, 6 months for first grade.

Show Tract  
Map, Planners  
Ask Spears

Harold Spears, local contractor, was instructed by the Planning Commission Thursday to submit a map showing the entire area on North Auburn he plans to subdivide, and his proposed method of subdivision.

On City Engineer L. Frederick Pack's suggestion, Mr. Spears also was asked to obtain a tract map number and a report from the County Flood Control District showing the "natural drainage course affecting the area."

Mr. Spears, who plans to present to divide his property into four parcels, said he would supply a document showing plots of 60 feet on Auburn and 77½ feet in the rear, 25-foot deed easements with 12½ feet to each lot, and deed restrictions for one house on each lot.

BUSINESSMEN PLAN  
NEXT BREAKFAST

Next breakfast meeting of the Sierra Madre Businessmen's Association will be held Wednesday, Sept. 5, at the Woman's Clubhouse. Harold Stein, president of the association, said parking would be one of the principal items under discussion. The breakfast begins at 8 a. m.

SEAL COATS  
SLATED FOR  
FIVE STREETS

Seal-coating and resurfacing work for five streets was ordered by the City Council Tuesday night.

Earmarked for repair were Mountain Trail (from Sierra Madre boulevard to Miramonte), Sycamore Place (from Grandview to the bridge), Sierra Place (from San Gabriel Ct. to Sierra Madre boulevard), Manzanita (from the park to Michillinda) and Baldwin (from Grandview to the north side of Alegria).

It was on Councilman Herman Barter's insistence that the Baldwin work was included. He declared that the street in front of St. Rita's Church is "in very bad shape."

Although it was conceded that Baldwin needs more than the seal-coating treatment, the action would make for a better street for a year or so, anyway. Complete repaving of the rest of Baldwin cannot be undertaken this year due to financial limitations, it was pointed out.

Weekend 'Painters'  
Splatter Houses

When Donald Urey, house painter, reported for work Monday morning, he found someone else had been trying to finish the job for him.

Urey complained to police that vandals splattered brown paint over the walls of two houses he had been working on at Lima and Carter.

He opined that the weekend "painters" were very young, judging from the quality of the paint-daubing.

One of his paint brushes also was missing, Urey reported.

WANDALEE THOMPSON WINS  
AWARD FOR FOREST WORK

Wandalee Thompson, veteran mountain climber and forest conservation worker, will be presented the Harvey Bissel Memorial Trust Award for 1951.

Mrs. Thompson, 100 Lowell, was notified yesterday that she will receive the award following a state-wide screening for the person who has done the most in conservation and forest fire prevention during the year.

In voting the honor this week, the six trustees cited Mrs. Thompson's work and said the award is being made "in recognition of her distinguished and outstanding service in the cause of forest conservation."

Actual date for presenting the award—a gold medal—has not been set yet, according to William V. Mendenhall, supervisor of the Angeles Forest, and a member of the memorial award board of trustees.

Last year's award, which also was voted this week, will be a posthumous presentation to the wife of George O'Reilly, San Luis Obispo, who died while fighting the Los Politas fire of 1950. A fire crew foreman of the state division of forestry, Mr. O'Reilly saved several lives before giving his own in that fire.

The Harvey Bissel award was set up approximately five years ago in memory of the son of a prominent mountaineer who died from a rattlesnake bite.

Trustees governing the annual award include Spencer Turner, chairman, Los Angeles County forester; W. S. Rosecrans, chairman of the State Board of Forestry; Howard Miller, of the LA Chamber of Commerce; Dewitt Nelson, state forester; William R. Schofield of the California Forest Protective Association; and Mr. Mendenhall.

Mrs. Thompson has been active in conservation work "for as long as I can remember." Her fire prevention efforts date back for the past five or six years.

Bus Waiting Shelter  
Assured for TriangleLOS JOVENES  
CLUB DANCES  
FRIDAY NIGHT

Los Jovenes, teenage dance group, will stage its last dance of the summer tomorrow night, Aug. 31, at the City School cafeteria.

Dancing—to recorded music—will continue from 8 to 11 p. m., according to John E. Oden, recreation director.

Mr. Oden said the club will carry on during the school year, meeting every other Friday night. Miss Barbara Rolfs will be director of Los Jovenes Club.

Auto Club  
May Survey  
Local Parking

Possibility of a survey by the Southern California Automobile Club on Sierra Madre's downtown parking problem was being explored by the City Council this week.

Clerk Lawrence B. Brain was instructed to write the auto club, asking on what basis and how soon it would be willing to conduct a survey of parking conditions here.

Miss Jessie Dunning, who suggested the survey, explained that the auto club's staff of traffic engineers will make the comprehensive study "wholly without charge."

"Sierra Madre still has space (for off-street parking) available," Turn to page 4

Street Work  
Nearly Done  
Downtown

"Black-topping" of the business-district streets should be nearly completed by the end of this week, according to Director of Public Works Glenn B. Watson.

The coarse 3-inch layer went down Tuesday and Wednesday, and a second, finer coat of the pre-mix was to be laid today. The black substance is a form of asphalt, only with no cement added.

Final grading operations were not finished until Monday—several days later than originally planned. Warren South-west Inc., contractors, were still ahead of schedule, however, and the entire project should be completed before the deadline Tuesday, Sept. 4.

A "slight delay" of three or four hours in th paving was reported Tuesday due to a dispute among the truck drivers. As a result, the corporation had to use its own trucks and drivers.

Dr. Chester Burski, county health officer, said Monday that these two are the only infantile paralysis cases in Sierra Madre at present.

Father O'Malley Begins  
New Duties at St. Rita

Fr. Thomas O'Malley, C. P., started his new duties last Thursday, Aug. 23, as priest of St. Rita's Church parish.

Father O'Malley, a priest of the Los Angeles Diocese, replaces Fr. Leo Scheibel in Sierra Madre. Father Leo left Monday for his new assignment in Sacramento after many years' service to this parish.

The change marks the end of sponsorship of St. Rita's Parish by the Passionist Fathers Order. The church now comes under the jurisdiction of the Los Angeles Diocese.

Father O'Malley comes to Sierra Madre following 20 years in priesthood. He was ordained at All Hallows College, Dublin, Ireland, on June 21, 1931.

The priest came to the United States in the fall of 1931 and served two years at St. Mary's Parish in Los Angeles. The next eight years were spent in service at St. Vibranas

COUNCIL STANDS PAT ON  
SIZE OF APPROPRIATION

Assurance was given this week that some kind of bus-waiting shelter will be constructed on the depot triangle.

In a letter to the City Council, Harold Stein, president of the Businessmen's Association, emphasized that building a shelter on the old station site has been one of merchants' agreed-upon points since the group was first organized.

Referring to what he termed "some misunderstanding" regarding future development plans for the triangle, Mr. Stein stated:

"It is my personal opinion, and I believe the opinion of the majority of the association's members, that a bus shelter is necessary."

"And," Mr. Stein continued, "I wish to assure the Council that it is my intention to use my best efforts to raise funds necessary to provide this shelter."

Two other letters had been read pointing out the "acute

need" for a bus shelter.

Mr. Stein's announcement brought "thanks" from Lee Shippey, prominent author and lecturer, who said he had "worried that there was to be no shelter."

"I thought for a while that all the business men were afraid people wouldn't be able to see their signs with a shelter there," he quipped. "If there's going to be one, though, I'm sure most of us are happy."

Councilman Noren Eaton pointed out that the Council, itself, has taken no action re-

Turn to page five

JOHNSON GOES ON QUAKER  
MISSION TO MIDDLE EAST

Paul B. Johnson, 720 Skyland Drive, will leave by air today on the first leg of his "mission to the Middle East."

The Sierra Madrean is embarking on what he terms "an exploratory trip" to see if the American Friends Service Committee can do anything to carry along further the refugee program started by the Quakers and the United Nations last year.

Mr. Johnson, who was field director of the Quaker administrative job for the UN in the Middle East, has been commissioned now to discover what, if anything, can be done to better conditions of the thousands of war-displaced peoples in the Jordan, Lebanon, Syrian, and Egyptian areas.

"The United Nations is carrying on the program," he said, "but actually can do little else but feed these refugees and keep them alive. The Friends are concerned that they still are in displaced persons camps and that there have been no efforts for a permanent resettlement and rehabilitation."

In London, Mr. Johnson will meet another AFSC worker, Michael Rowntree of Oxford. Together, they will travel on to Bay Route, headquarters in the Middle East, and see if a new Quaker project can be started.

Mr. Johnson will report his findings to the AFSC headquarters in Philadelphia—probably after a stay abroad of three or four months.

If it is decided to launch a project, Mrs. Johnson will join her husband in this work.

## Local Firemen To Attend Confab

City authorization has been  
voted for Sierra Madre's Fire  
Department to have delegates  
at the California State Fire-  
men's Association Convention  
in Los Angeles, Sept. 16 to 20.  
Councilmen approved Fire  
Chief James C. Heasley as dele-  
gate, and A. E. Liscombe as  
alternate for the convention.  
An expense account between  
them of not more than \$75 was  
voted by the Council.

## Sierra Madreans Touring Europe

Miss Marianne Pinelli has  
enrolled at Immaculate Heart  
College for September. Miss  
Pinelli is the daughter of the  
Anthony Pinellis of 500 W.  
Montecito who with their  
daughter have spent the sum-  
mer in Europe and expect to  
return by school time.

## HAS LITTLE TO SAY AFTER TRUMAN BLAST

**SHOCKED BY TONGUE LASHING** received from President Truman when he presented credentials, Dr. Vladimir Prochazka, (center) new Czechoslovak ambassador, says little when newsmen corner him as he leaves White House. Mr. Truman demanded release of William N. Oatis, imprisoned newspaper correspondent and charged that ex-Czech minister, Jan Masaryk was "murdered." (International Soundphoto)

## W. S. HULL FAMILY HAS EARLY PUBLICATIONS

Among the prized mementos of Wilbur S. Hull, 542 W. Monte-  
cito, is a copy of the Academy Record of Eureka, Calif., dated  
April, 1890.

Besides bearing his name as the artist who designed the  
paper's page 1 name plate, this particular issue of the publica-  
tion (Vol. 4, No. 2) carries a  
personal news item about Mr.  
Hull. It stated:

"W. S. Hull, one of the most  
promising young penmen in  
the United States, who had  
charge of the Department of  
Penmanship at the academy  
last year, has connected him-  
self with a large school furni-  
ture manufacturing establish-  
ment at Walkerville, Canada.  
His father is one of the part-  
ners in the firm.

Another valued souvenir of  
Mr. and Mrs. Hull is a copy of  
Paradise of the Pacific, pub-  
lished at Honolulu in Septem-  
ber of 1891. With many stories  
of the history and customs of  
the Hawaiian Islands, the mag-  
azine is an early attempt at  
"chamber of commerce" boost-  
ing.

The magazine describes it-  
self as "devoted to the inter-  
ests of the Hawaiian Islands."  
The Hulls subscribed to the  
publication when they were  
considering making a trip to  
the Islands. In connection with  
this, they also have a photo-  
graph of ex-Queen Liliuokalani  
who was deposed as queen and

sentenced to five years impris-  
onment for treason following  
the Hawaiian rebellion of 1895.

The Hulls also have a Sept.  
2, 1921 edition of the NEWS,  
in which the lead story tells  
Mr. Hull remaining with the  
Sierra Madre Hardware firm  
following the retirement of two  
of the partners, C. W. Jones,  
and C. M. Clark.

## Square Dancing Classes Start

San Gabriel Valley residents  
are due for a bumper "har-  
vest" of fun and fellowship  
this fall as the adult square  
dancing classes get under way  
at Monrovia - Duarte High  
School. One of the nation's  
best-known callers, "Doc" Al-  
umbaugh of Arcadia, will be  
instructor.

The beginners' class starts  
Tuesday, Sept. 4; the inter-  
mediate class gets going Thurs-  
day, Sept. 6; and the advanced  
class begins Wednesday, Sept.  
5. Registration for all classes  
starts at 7:30 p. m. of the first  
two sessions, and each group  
will receive eight weekly les-  
sons. Enrollment is closed after  
the second meeting of each  
class.

Everyone over 18 is welcome.

## M-D HIGH SCHOOL OPENS SEPT. 11

The Monrovia-Duarte High  
School's corridors and class-  
rooms will come to life  
promptly at 8 a. m. Tuesday,  
Sept. 11, when some 2000 stu-  
dents register for the fall se-  
mester in classes to be taught  
by more than 90 teachers.

New students, whether en-  
tering freshmen or students  
new to the district, are asked  
to report to the lower floor of  
the auditorium. There they  
will receive instructions and  
their programs of classes.

All students who attended  
M-D during the spring semes-  
ter of 1951 are to appear at  
their proper registration sta-  
tions where they will follow  
similar procedure to that used  
in last semester's registration.  
New pupils should make out  
programs of classes before the  
opening of school. The school  
offices will be open for this  
purpose mornings of the week  
of Sept. 4.

## BREAKS LEG BOARDING FAMILY CAR

Mrs. Godfrey J. Collins of  
Woodland Dr., had the misfor-  
tune to break her leg last  
Saturday. Mrs. Collins was go-  
ing around the family car and  
in some way fell on the pave-  
ment and caused the fracture.

## FIRE FLAMES

Whether we have enjoyed it  
or not, this has been a very  
warm summer. With it, of  
course, is the extreme dryness  
which in turn produces fire  
danger.

If one is at all fire conscious,  
all need be done is to take a  
walk near the brush area and  
look-see. When there, use the  
imagination. Glimpse the fine  
dry grass at the edge, the some-  
what larger stalks it will reach  
and then the thick brush cov-  
ered hills. Imagine what can  
happen if some careless person  
drops a lighted cigarette or ash  
into that scrambled array of  
dynamite.

One little flame will develop  
into a river of flame in less  
time than it takes Andy Lis-  
combe to get to the fire trucks.  
Once the brush is burned  
from the hills, we will be very  
lucky if a winter and spring  
of hard rains avoid us. Ordina-  
ry rains may not cause too  
much trouble—but once the  
ground is soaked, the contin-  
uous rain will wash the top soil  
off the hills and into the back  
yards, etc.

It is a serious matter. We  
need to think about it and do  
something about it. We can  
help by being very careful and  
alert for those who are not.  
Many drivers are thoughtful  
of the danger of tossing a light-  
ed cigarette from a vehicle.  
Even though it may be within  
a city's limits, it is still a bad  
habit. An ash tray in the car  
is there to use and we urge  
drivers to use them as a habit.

We are not free of fire dan-  
ger in the residential and busi-  
ness districts. It is really sur-  
prising, (after so many serious  
fires have occurred throughout  
the country,) how many well  
respected citizens and business  
managers permit hazardous  
conditions to develop.

The fire department mem-  
bers are proud of the low fire  
loss of Sierra Madre and would  
like to retain it. Full credit is  
given to the residents for their  
cooperation in the past.

The fire department is com-  
posed of men who are all very  
busy at their own bread-and-  
butter jobs. They give much  
time of their own to prevent  
fire, but they cannot give suf-  
ficient time to cover the area  
entirely.

Those who are aware are  
asked to spread the word to  
others by asking them to work  
with the fire department before  
attempting any open burning.  
Remember the BEST WAY to  
fight fire is to PREVENT FIRE.

## Games, Fun Promised at Parish Picnic

Swimming, games, and just  
plain fun await Sierra Madre  
Episcopalians next Thursday,  
Sept. 6, as Church of the As-  
cension, presents its Annual  
Parish Picnic.

The Rev. Harley G. Smith Jr.,  
rector, announces that activi-  
ties will begin at 2:30. If  
transportation is needed to the  
picnic site, Arcadia Park, meet  
at the church promptly at the  
above time.

Families are advised to bring  
their own picnic suppers.

## Masons to Observe Constitution Month

September is "Constitution  
Anniversary Month" for all Ma-  
sonic lodges in Southern Cali-  
fornia, and Superior Court  
Judge William R. McKay of  
Los Angeles County has been  
placed in charge of this observ-  
ance by the grand master of  
the state.

Sierra Madre's Lodge No.  
408, F. and A. M., will honor  
the 164th birthday of US Con-  
stitution's ratification during  
its stated meetings and other  
gatherings, according to City  
Judge John C. Mead, master  
of the lodge.

## Maurice Orme Home After Two Years

Mrs. Lyle McElwain of East  
Mira Monte was a happy moth-  
er this week when her son,  
Cpl. Maurice Orme, arrived  
home from Korea. Corporal Or-  
me has been in the thick of the  
fighting the past year and has  
received his discharge.

He was hospitalized five  
months with yellow jaundice  
followed by hepatitis. He also  
was one of a group of three  
captured but slipped away in  
the night and received the  
Bronze Star for bravery. He  
had not seen his parents in  
two years.

# McMillen Lists Methods Aims of Local 'Clinic'

By W. HENRY McMILLEN

This second article concerning the Clinic of Sierra Madre will be given to further explanation of our aims—our objectives that we hope to accomplish. Once these are established perfectly in our minds, we will be better equipped to understand the nature of our problems—and the suggested methods of processing or treating, some of which will provide the basis for future articles of this column.

First of all, let me make clear that the entire workings of the Clinic of Sierra Madre shall be based, completely and exclusively, upon the **Spiritual** teachings of the Christ, as set forth in His Sermon On the Mount. I stress the word "Spiritual" for a definite reason.

As Emmet Fox points out in his book, "Sermon On the Mount," the whole of Jesus' life—His teachings in their entirety, were not concerned with—nor were intended to be regarded as—a basis for the material, earthly pattern of living—nor in any way related to theological or doctrinal concepts.

Christ's great significance to mankind lay in His understanding and explanation of the spiritual or metaphysical plane—the realm beyond the Conscious, beyond the sub-conscious mentality, into that

realm of pure thought which is the spiritual source . . . the supplier, first to our sub-conscious, then through the conscious, workings of our minds.

It is self-realization of this spiritual truth which has enabled thousands of alcoholics to claim a new way of life through the media of their Fellowship. Please understand, I do not intend to refer repeatedly to this anonymous program of alcoholics, nor do I seek to identify it with our Clinic of Sierra Madre, either one with the other. However, one "long last look"—a minute analysis and inspection of their cause and effect, can be nothing less than inspirational.

Consider what has happened! Alcoholism—drinking—uncontrolled and devastating—an allergy of the physical body and an obsession of both conscious and sub-conscious mind. This imperfection has been picked up, dissected, an-

## Scouters, District Committee Convenes

A combined Scouters and District Boy Scout meeting was held Monday, Aug. 20, 7:10 p. m. at the city parkhouse.

Plans for the fall Scouting program and preliminary groundwork for the next court of honor were considered. Milton Goldberg, chairman of the Sierra Madre District, Boy Scouts of America, presided over the meeting.

alyzed, and remolded into a Key of Understanding. In effect, a cruel defect of character becomes the very tool for effecting its own elimination from our lives.

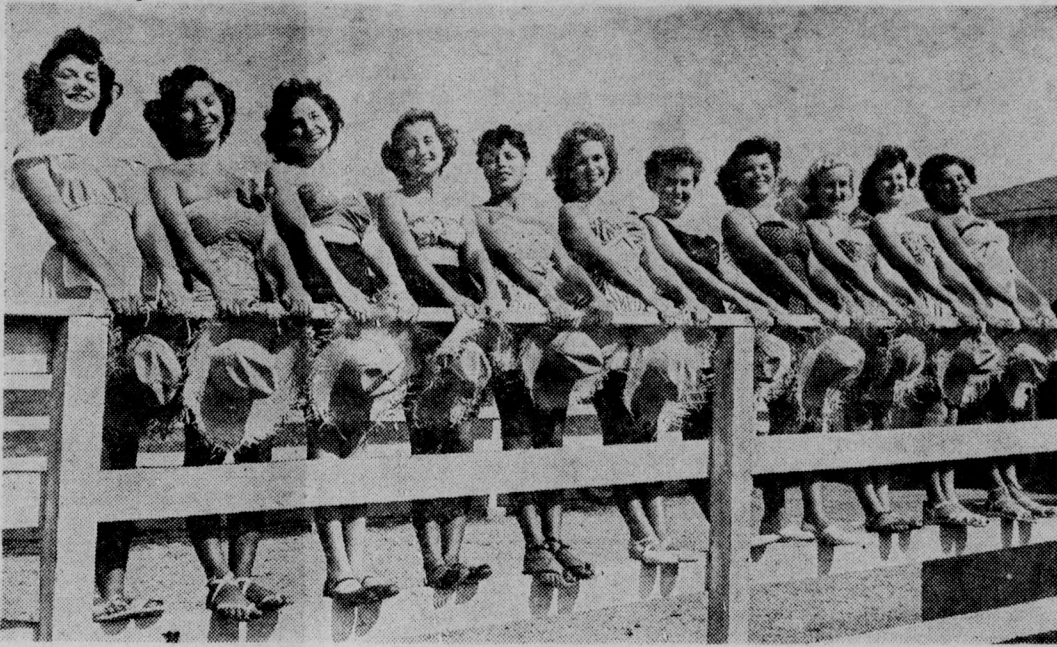

Can this be considered in any other light than a miracle? Truly, the founders of the anonymous movement must have been under spiritual guidance in their work. And along with the application of divine principles, they evolved a great new truth, a discovery more earth in nature.

We are all familiar with many everyday sayings or idioms, such as "set a thief to catch a thief," "like begets life," "misery loves company," etc. They came up with their own priceless realization that "like UNDERSTANDS like!" The impact of that principle is the dynamic reasoning that makes the miracle of alcoholics' rehabilitation.

Of even greater significance is the application of that portion of Jesus' "Sermon On the Mount" where He instructs us to "let your light shine before men, that they may see thy good works. . . ." And earlier in the same sermon . . . If the salt (the good we have received and are enjoying) have lost its savor . . . it is good for nothing but to be cast out . . .

In the language of today it simply means that we can per-

## They Are on the Fence In More Ways Than One

It is from this bevy of pretty Mt. San Antonio college coeds that the queen of the royal court of agriculture will be selected to rule over the 24th annual Los Angeles County Fair in Pomona September 14 through September 30. The remaining ten will serve as princesses, each representing a prominent Southland crop. From left to right they are Betty Moisinger, San Gabriel; Barbara Haines, La Verne; Joyce Tindall, Azusa; Dorothy Kruger, Baldwin Park; Aloria Bryant, West Covina; Dawn McAfee, San Gabriel; Marilyn Reiss, Pomona; Joyce Wilson, Redondo Beach; Claudia Reaver, Pomona; Diane Ulman, El Monte and Grace Levato, Rosemead.

ceive the good life, but we won't continue to enjoy it on a permanent basis unless we try to pass on to others, the good we have received. Thus the alcoholic considers his greatest insurance of continuing his good way of life lies in trying to help other alcoholics become receptive to the spiritual understanding which he already has gained. This is the underlying reason for mushrooming of the anonymous program . . . this mass-production of a miracle.

As I promised you, the foregoing will be the last direct reference to Alcoholics and the manner in which we have overcome our shortcoming, but the reader can see why it was necessary to study our case. As stated in the first article, I decline to concede that we are a "Chosen People" . . . that ours is the only type of problem that can be corrected through an understanding of spiritual values. The very "tools" we use are so bizarre they must be given every chance to prove out in other ways. Imagine! . . . Taking a defect of character . . . your worst specific fault, and turning it into the greatest asset you can ever own!! That is the sole purpose of your Clinic of Sierra Madre. To consider any type of problem . . . to examine and analyze the thought-processes . . . the reasoning which underlies any cause of unhappiness. And then interpret the Spiritual Truth of Christ's Sermon On the Mount, as it may be applied to each individual type of problem you present for

## Hahn Home Makes Cover Of Magazine

The beautiful and unique home of C. Jacques Hahn, 343 N. Grove, is pictured in color as the cover of September's issue of Sunset magazine.

Featuring the clever porch-deck which is built over a 4-foot deep pool, the cover illustration is done in multiple color press work.

The accompanying story inside, which includes pictures on two pages of other rooms of the house, tells how the pool makes the bedroom the heart of the home.

As the article suggests, Mr. Hahn "somehow put his house inside his garden." Since the Hahns bought the property in 1926, both the house and garden have been growing. Mr. Hahn, prominent landscape architect in the Southland, drew the plans for preliminary development of Sierra Madre's depot triangle.

## Millers to Remain In Santa Barbara Until February

The Warren Millers will remain in Santa Barbara until Mr. Miller receives his advanced degree from Santa Barbara College in February. Mrs. Miller, nee Carolyn Gerke, will continue working at the Cottage Hospital there while her husband completes his studies. She is the daughter of Mr. and Mrs. C. H. Gerke, 602 Mariposa.

## Woman Requests Yard Variance

City Planners delayed their decision last week on the request of Mrs. L. W. Imm, 174 E. Montecito, for a rear-yard variance from 20 feet to 10 feet.

Mrs. Imm has 10 apartments at present and hopes to add either four single or four double apartments onto the rear of her property.

The commissioners will consider the request again at next month's meeting.

study. You, who are reading this, really carry the greater burden in making the Clinic of Sierra Madre a success. Without your own problem to consider, and your own personal efforts in making our studies, we can not hope for any conclusive results.

Our next article will deal with studies, and results of studies, which will be made on letters already received. In the meantime, we shall be awaiting your letter.

## SUMANS ASK LOT SPLIT

Planning Commissioners last week "held over" until next month a lot-split request of Mrs. A. L. Suman, 332 Sturtevant Drive.

The Sumans, whose property extends through to Alegria, want to retain their large parcel and driveway, but split the remainder of their land into three lots.

Members of the Planning Commission voted to postpone action on the request until Mrs. Suman brings in an accurate map showing an exact description of the proposed lot split.

## 'Surprise' Awaits Lions Club Tonight

A "surprise program" is in store for members of the Sierra Madre Lions Club this evening, 7:10 at the Woman's Club-house.

Harold E. Hamm, club president, would not divulge the nature of the "surprise," but hinted that it had something to do with a mysterious female quartet.

Ralph "Pappy" Welch is program chairman for the evening. A business session will follow the regular meeting.

## Extra Holiday Billed for Pupils

Friday, Oct. 12, has been declared a local holiday for the Sierra Madre City School District.

On that day, according to Superintendent Charles A. Skutt, the public school and teaching staff will be hosts to approximately 200 teachers of the San Gabriel Valley for an all-day institute session.

The school trustees took the formal action last Wednesday which will give local youngsters a three-day weekend holiday.

## BE PREPARED FOR EVERYDAY DRUG NEEDS!

## Bail Set at \$20 In Speeding Case

Bail was set at \$20 Saturday on traffic violations charged against Edwin D. Theall, 25, of Monrovia.

Theall was cited for driving 50 miles per hour and "running" a boulevard stop sign.

City Judge John C. Mead continued the Monrovia's case until next Saturday, Sept. 1.

## FRIDAY and SATURDAY are

**Sunbeam DAYS at HARTMAN'S**

Let us serve you a free cup of delicious coffee made in the new Sunbeam Coffeemaster.

Factory representative will be in our store all day to demonstrate these sensational new Sunbeam products for you. Come in, let us show you how wonderful these new labor saving devices are.

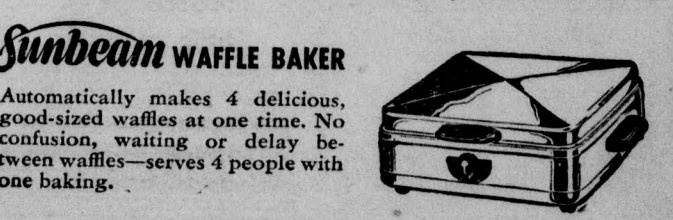

**Sunbeam IRONMASTER**  
Heats quicker, stays hotter, irons faster. Hot in 30 seconds! Thumb-tip heat regulator in handle, cool, easy-to-set, conveniently marked. Available in two weights—lightweight, 4 lbs., lightweight, 2½ lbs.

Has the exclusive larger BOWL-FIT beaters for EVEN mixing, greater AERATION, and lighter, higher, finer-textured cakes.

**Sunbeam COFFEEMASTER**  
It's automatic! You can't miss! Perfect coffee every time—1 cup to 8. No watching—no worry. All gem-like chromium plate. No glass bowl to break.

**Sunbeam TOASTER**  
Automatic Beyond Belief! All you do is drop in the bread. Bread lowers itself automatically. No levers to push. Toast raises itself silently, without popping or banging. Every slice alike—moist, dry, thick slices or thin.

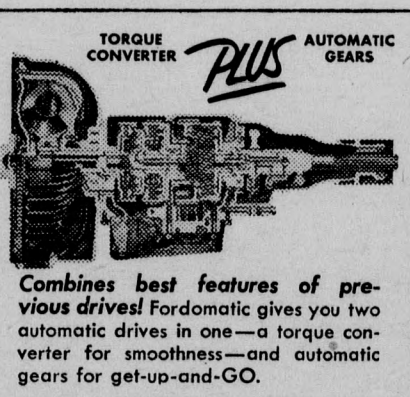

**Sunbeam WAFFLE BAKER**  
Automatically makes 4 delicious, good-sized waffles at one time. No confusion, waiting or delay between waffles—serves 4 people with one baking.

**Sunbeam SHAVEMASTER**  
America's FASTEST SELLING and MOST POPULAR electric shaver because it shaves closer, cleaner, in LESS TIME than any other method—soap-and-blade or electric. Twice-as-wide shaving surface. Entirely new shape easier to handle.

# FORDOMATIC OUTGOES THEM ALL!

THE FORDOMATIC FORD GIVES YOU AN ENTIRELY NEW KIND OF DRIVING!

Combines best features of previous drives! Fordomatic gives you two automatic drives in one—a torque converter for smoothness—and automatic gears for get-up-and-go.

Fordomatic Drive optional at extra cost on V-8 only. Equipment, accessories and trim subject to change without notice.

Practically drives itself! Fordomatic thinks for you. It smoothly and automatically provides a countless number of drive ratios through which engine power is fed to the rear wheels.

You're boss every second. Step down on the accelerator and you get an extra spurt of power for hill climbing and passing. Going downhill you can shift to low at any speed for extra engine braking.

Easier rocking! It's even easier to "rock" out of sand, snow or mud with Fordomatic than with Conventional drive. Just move the selector back and forth between low and reverse.

It's a gas-saving powerhouse! Fordomatic's automatic intermediate gear provides smooth, fast, economical "getaway" without wasteful engine racing. Uses no more gas than the savingful conventional Ford.

Come in and "Test Drive" the

### Lady Lions Announce Officers

The Sierra Madre Lady Lions met at the home of Mrs. Dick Merriman in Monrovia Tuesday evening. Mrs. Al Feadler was a co-hostess for the meeting which was also the election of officers.

Mrs. Aurora Murry was re-elected president, Mrs. Virginia Duttman, first vice and Delores Lotz was made secretary-treasurer. The formal installation will take place at a dinner-dance September 22nd.

### Pasadena White Shrine Guests at Lima Street Home

Monday evening Blanche Buie was hostess to the White Shrine, Artabam No. Five of Pasadena for an evening of cards at her home, 255 N. Lima. Miss Buie is the Noble Prophetess-elect for the coming year of the Shrine.

### SIERRA MADREANS VACATION IN ARKANSAS

Mrs. Alden Webster returned from a motor trip Saturday to Lakeview, Ark. Mrs. Fletcher White accompanied her and remained at her home there.

### Hotel Asks Green Parking Zone

A request for a "green" 20-minute parking zone in front of the Hotel Sierra Madre was referred to Chief of Police Gordon G. McMillan for study and recommendation Tuesday night.

In a letter to the City Council, Manager Ed Hupfield explained that since the hotel is a public building it is necessary to accommodate guests upon their arrival.

Mr. Hupfield estimated that the zone would require 20 feet of curbing in front of the hotel patio.

### FOX FAMILY RETURNS

The Arthur Fox family of 314 Foothill returned recently from a vacation-trip by car to Walla Walla, Washington.

### Legal Notices

#### NOTICE TO CONTRACTORS

NOTICE is hereby given that the City of Sierra Madre will receive bids up to 8:00 o'clock P.M., September 11, 1951, for the construction of retaining walls, steps and other appurtenances, at the location of the old Pacific Electric Depot site according to plans and specifications on file in the Office of the City Clerk, City Hall, City of Sierra Madre, California.

Notice is hereby given that the successful bidder will be required to furnish a surety bond satisfactory to the Sierra Madre City Council in an amount of not less than fifty percent (50%) of the amount of the bid as a guarantee of the faithful performance of the contract, and a labor and material bond satisfactory to the City Council in an amount of not less than fifty percent (50%) of the amount of the bid.

Notice is also given that, pursuant to the provisions of Sections 1770 and 1781, inclusive, of the Labor Code of the State of California, the City Council has ascertained the general prevailing rate of per diem wages in the locality in which the work is to be done for each craft or type of workman, as follows:

CLASSIFICATION	PER HOUR
Carpenter	\$2.35
Cement finisher	2.38
Dump truck operator—less than four cubic yards	1.83
Dump truck operator—over four cubic yards	1.85
Bricklayer	3.00
Hod carrier	2.25
Tractor operator	2.52
Laborer	1.75

Any classification omitted herein, not less than \$1.67. Foremen, except as otherwise separately classified, shall be paid not less than \$1.40 per day more than the daily rate of the highest classification over which they have supervision.

Provided that no less than one and one-half times the prevailing rate shall be paid for any working time more than eight hours during any one calendar day, and for time on Saturdays, Sundays and the seven legal holidays, to-wit: New Year's Day, Memorial Day, Fourth of July, Labor Day, Armistice Day, Thanksgiving Day and Christmas.

Provided that, notwithstanding the general provision contained herein, Flagmen, Guards and Watchmen shall be paid one and one-half times the prevailing rate for overtime (overtime shall be time worked in excess of eight hours per day or forty hours per week), and the straight prevailing rate for time worked on Saturdays, Sundays and holidays where such time does not constitute overtime.

The foregoing prevailing wage schedule is based upon a working day of eight hours and in the event that laborers, workmen or mechanics are employed less than eight hours per day, the rate of per diem wages shall be deemed to be that fraction of the foregoing rates that the number of hours of employment bears to eight.

The rate of compensation for any classification not listed in the schedule, but which may be required to execute the proposed contract, shall be commensurate with and in accordance with the rates specified for similar and comparable classification or for those performing similar or comparable duties.

The time within which the aforementioned work must be completed by the Contractor undertaking same has been fixed at sixty (60) days from and after the date of execution of the contract agreement, excluding Sundays and holidays. It shall be mandatory upon the Contractor to whom a contract is awarded, and upon all subcontractors under him, to pay not less than said general prevailing rates of per diem wages to all workmen employed in the execution of the contract.

No bid will be accepted from a contractor who has not been licensed in accordance with the provisions of Chapter 731, Statutes of 1929, as amended. All bids are to be accompanied by a certified check, cashier's check or bidder's bond in the sum of 10% of the amount of the bid.

The City Council reserves the right to reject any or all bids or to waive any informality on a bid, if said action is deemed to be advantageous to the city.

By order of the City Council of the City of Sierra Madre.  
Lawrence B. Brain  
City Clerk  
City of Sierra Madre, California.  
Publish August 23 and 30, 1951.

### Steinberger Hired As City Inspector

Harvey Steinberger was hired Tuesday as the city's inspector for the dike work underway at the water settling basin and the paving job scheduled for Lima Street.

Mr. Steinberger was employed at \$2.50 an hour for a maximum of four hours a day.

### AUTO CLUB

From Page One  
able," Miss Dunning said, "and such a survey could be used as a basis for study by civic groups."

Speakers on solving parking problems also are available through the club, she stated.

Councilman Noren Eaton pointed out that the Businessmen's Association now has a committee working on parking and "would appreciate" such a survey.

### Honeymooners Due Home on Saturday

Expected home from their honeymoon, Saturday, Sept. 1, are the new Mr. and Mrs. Clifford D. Leguin, who were married Friday, Aug. 17, at the Marengo Avenue Church in Alhambra.

The newlyweds, who have been visiting some of the National Parks during their honeymoon trip, will make their home in Alhambra.

Mr. Leguin is the son of Mr. and Mrs. Joseph E. Leguin of 169 W. Montecito. The bride, the former Miss Frances Mattson, is the daughter of Mrs. Olive Mattson of Alhambra.

### Evening Ceremony for the Payne-Velasquez Nuptials At Congregational Church

The First Congregational Church was decorated in an all-white flower motif for the wedding Friday evening when Sophia Velasquez became the bride of Richard R. Payne of St. Cloud, Minn. More than one hundred guests witnessed the double ring ceremony with the pastor, Rev. Carl Smith hearing the vows.

The bride, given away by her father, John Velasquez, wore an ivory satin gown designed by her artist brother, Ted Velasquez, who was also the best man. The gown with a lace bodice and apron of Chantilly lace hid the long pointed sleeves, keyhole neckline with Victorian color and headpiece. The veil was a finger tip. She

carried a shower of gardenias, buds and orchids.

The maid-of-honor, Miss Gina Riddle wore a pink lace and net with small cape and crown hat of net puffs and carried pink roses as did the bridesmaid, Miss Shirley Williams, whose dress was blue.

Mrs. Velasquez, the bride's mother chose a gray pink taffeta with pink accessories for her daughter's wedding.

Mrs. Daniel Estrada sang "The Lord's Prayer," "Because," and "Ave Maria" during the ceremony. Daniel Estrada was at the organ. A reception was held in the church hall following the ceremony.

The new Mr. and Mrs. Payne will return to Sierra Madre to live following a three-week trip to Yellowstone and St. Cloud, Minn. Mr. Payne is a son of the Rev. and Mrs. H. C. Payne of the latter city. He attended Wheaton University in Illinois and New York and is a Delta Tau Delta.

MRS. OTTO LIND JONES

### Suzanne Reed Says Vows in Los Angeles Church Saturday Afternoon

Saturday afternoon at four o'clock more than 200 guests witnessed the impressive marriage ceremony at the Westwood Hills Christian Church when Suzanne Reed, daughter of Mrs. Chas. C. Reed of 258 Mariposa became the bride of Otto Lind Jones of Los Angeles. The vows were made before the Rev. Carl Smith of Los Angeles.

The bride's gown of white slipper satin with marquisette yoke, outlined in seed pearls, was designed with long circular train. Her veil of French illusion tulle was held by orange blossoms. Her shower bouquet was white orchids, stephanotis and streamers of lily of the valley. Miss Reed was given away by her uncle, Francis Eakman.

The maid of honor, Miss Cammie Cliff, wore a light blue blue marquisette, with matching cape and carried deep pink carnations and matching head piece. Miss Jane Turner and Mary Neil Lewis, also sorority sisters of the bride were gownned the same as the maid of honor but carried light pink carnations.

Mrs. Reed chose a rose lace for her daughter's wedding with matching hat, and the bridegroom's mother, Mrs. Estelle Jones of San Diego wore an afternoon dress of champagne briege crepe with matching hat.

The best man was Frank Carter of San Diego, assisted by ushers, Don Gill, also of San Diego, and Jack Kennedy

of Los Angeles.

The reception was held at the sorority of the bride, the Alpha Phi house on Hilgard Ave. Mr. and Mrs. Jones are taking a Northern California trip and will be at home in Arcadia at 708 1/2 N. First Ave. Mr. Jones, a Stanford student is attending USC Dental School and will graduate next June. He is a Kappa Alpha and belongs to the dental fraternity, Delta Sigma Delta.

#### BUS SHELTER

From page one garding a shelter. He explained that the city has committed itself as to construction of retaining walls and walkways—to the extent of \$3000.

"If it costs less than the \$3000, then that's the extent of the city's commitment," Mr. Eaton said.

To a question from Mr. Shippey that he thought the city appropriated \$3000, Mr. Eaton stated flatly: "That is incorrect. The city's total commitment at this time is not to exceed \$3000.

"But can't you rectify this now," asked Mr. Shippey. "To be a flat appropriation of \$3000?"

Councilman Eaton answered that it was his belief financing the remainder of the project should be lead by the merchants and civic groups. "This letter indicates they intend to try to raise enough money themselves," he said.

(Editor's note: Several citizens had expressed the hope that if constructing the walls and walks cost less than the \$3000, the rest could be used for other phases of the triangle development.)

Councilman Herman Barter explained that the original estimate of the businessmen was that the city's part of the job would cost \$2700. "We threw in the extra \$300 as sort of a buffer in case putting in the walks and walls cost more," he stated.

Mr. Shippey at that point said he withdrew all his objection. "I'll just have to donate some money to the Businessmen's Association, I guess," he said.

In connection with development of the triangle, Sam Perloff announced that the association plans to conduct a contest and let everyone submit plans. "Judges will decide which idea is the best, and then no one can say we're 'one-sided,'" Mr. Perloff said.

"No Chinese pagodas," warned Mr. Eaton.

"If that's what most of the people want, then Chinese pagodas it will have to be," replied Mr. Perloff.

Murray Owen addressed the Council briefly, stating that the Garden Club is ready to go ahead with landscaping "just as soon as the plot is ready." Councilman Lawrence Washburn, a local nurseryman, also offered his help in any way.

### Services Held Yesterday for Storkland Mrs. Solberg

Funeral services were conducted yesterday afternoon at Grant Chapel for Mrs. Elizabeth Kinler Solberg, 7 Bella Vista Terrace, who died Monday, Aug. 27, ending a lengthy illness.

Mrs. Solberg, a resident of Sierra Madre only two months, was a native of Deer Creek, Minnesota. She had lived in California five years.

She is survived by her husband, Lauris P. Solberg of Pequot Lakes, Minn.; two daughters, Mrs. Bernice Vandry, with whom Mrs. Solberg made her home, Mrs. Marie Parks, also of Sierra Madre; four sisters, Katherine Silk of Jasper, Minn., Mrs. Rachael Moulster of Brainerd, Minn., Mrs. Susan Gilbert of Sauk Centre, Minn., and Mrs. Ruth Bark of Minneapolis, Minn.; one brother, William Kinler of Castaic, Calif.; and three grandchildren of Sierra Madre.

Mrs. Solberg was a member of the Methodist Church in Deer Creek.

The Rev. Carl Smith officiated over the services yesterday. Interment was at Forest Lawn Cemetery.

#### Refueled on East Coast Enroute to European Station

Mrs. Jordan Wein received word from her son, Cpl. Fritz Drummheller, that he with the 116th Fighter Squadron had arrived in England. They left Spokane, Wash. on Monday, went down in Massachusetts to refuel and the trip was otherwise non-stop to their destination.

### FARM ELECTRIFICATION WEEK

Behind the development of Central & Southern California:

dependable, low-cost electric power

Farm Electrification Week is a fitting time in which to review the significant role played by electricity in the development of this area's agriculture.

#### Here are a few highlights:

One of the world's first electrical installations for agricultural pumping was made in Edison territory—near Lindsay, in the San Joaquin Valley—in 1899. Today, electricity pumps more than 90% of the irrigation water used in the Edison Company's service area.

Since 1945, Edison has built more than 1673 miles of new power lines in rural territory. Edison electricity is available to almost every farm in the area served by the company—and some 98% use it.

The Edison Company now serves approximately 21,000 farms. Last year these farms used almost one billion kilowatt hours of electricity to make work easier, fields more productive and life more pleasant and comfortable.

Statistics show that electricity, which has multiplied manifold the return from farmlands, is one of the lowest costs in crop production. On farms, as in homes, electricity is today's biggest bargain.

## HANDICRAFT EXHIBIT FRIDAY TO END PLAYGROUND EVENTS

A handicraft exhibit Friday, Aug. 31, beginning at 1:30 p. m. will close Sierra Madre's playground activities at City School. All boys and girls may enter the handicraft they made during the summer playground or day camp, according to Recreation Director John E. Oden. The exhibit will be held in the upper patio of the school.

Youngsters must take their crafts to the school by this afternoon (Thursday) so they may be classified for the competition.

Ribbons will be awarded for the best crafts in each of these groups, Mr. Oden said: copper, wood, leather, plastic, lanyard material, and plaster of paris.

The recreation director said refreshments will be served following the exhibit to mark the end of Sierra Madre's summer playground activities.

In charge of the contest will be Miss Barbara Rolfs, playground director.

## Capt. Gillen Now Serves in Korea

Capt. Edward L. Gillen, 740 Alta Vista Drive, has been serving in Korea for two months, as commanding officer of a photographic interpretation company.

The Sierra Madre Army officer was flown directly to the war zone after completing advanced training at Aberdeen, Maryland.

Before being recalled to active duty last year, Captain Gillen was employed as an engineer at Caltech. The Gillens have two children, a boy and a girl.

## SPENDING VACATION IN NEBRASKA

Mr. and Mrs. Earl T. Knowles of N. Mountain Trail are leaving today for a two weeks' vacation at their former home in Lincoln, Neb.

Mr. Knowles is with the city water department.

## Former Grid Star to Talk At Bethany

The Rev. Lenox Palin will be speaking Sunday evening at the 7:30 service of Bethany Church, located at the corner of Baldwin and Montecito. The sermon topic: "Heaven."

The Rev. Mr. Palin, a student at Fuller Theological Seminary in Pasadena, at present is working with the youth of Bethany Church. He is a graduate of Princeton University where he was active in campus Christian activities as well as a first-string guard on the varsity grid team.

He and his wife, Wilma, are residing at the church's quarters, 25 W. Montecito.

The Rev. Don B. Rood, church pastor, will speak at the monthly Communion service at 11 a. m. on the subject, "The Purple Heart." The Rev. Mr. Rood is the principal speaker this weekend at the annual Young Peoples' Conference of the Mission Covenant Churches of Southern California.

The conference begins tomorrow at the Pacific Bible College in Azusa, and ends Monday noon.

## Sierra Madre Group Attends Bible Camp

Mr. and Mrs. Holly Cooper, Miss Ann Crain, Mrs. Hall Emmett and Mrs. Fannie See attended the Biola Bible Conference at Mt. Herman in the San to Cruz Mountains last week. It is in the heart of the Redwood country and a very remarkable campsite. Several of the group have attended the last six years of the conference.

## MAMA PETE'S From page one

the meaning of a zoning variance. While no one within 300 feet of her property objects to her being there, she said some felt that "our street may soon become another East Montecito." They also think we plan to build and increase the size of our school, she stated.

It was pointed out that a variance is "conditional and temporary" and expires when the specific use for which it was issued is altered.

Mama Pete assured the planners that "there would be no changes in appearance of the property" if the variance were granted.

After letters were read from 12 parents of nursery children—some living within the area affected and some even living out of town—A. P. Howard of 30 Suffolk remarked that letters read from outsiders are "beside the point." Property owners living within the 300 feet area should be considered, not anyone else, Mr. Howard stated.

A. Oakley of 90 Suffolk, directly across the street from the Nursery School, objected to it because of the alleged problem of parking.

Mr. Schaller of 86 Lowell, stated that he was not concerned with how well the nursery is operated, but with the fact that Mrs. Peterson would be breaking down zoning restrictions and the variance would serve as "a wedge for others."

Marie Weil, 53 Suffolk, charged in a letter that the opposition petition was "misrepresented."

"I was told she (Mrs. Peterson) intends to increase the nursery enrollment to 28, which I know to be false as she now has the limit the state allows for a place of this size," Mrs. Weil stated. Her name was listed as one of the petition's signees.

Eleanor and Gertrude Tucker also said the enrollment-of-28 report was false. Grant the variance request, they asked, but still keep the area listed as "strictly residential."

Mrs. Alice Hawley of Sycamore Place said she formerly taught at Mama Pete's and had never seen "such a beautifully-related group of children anywhere."

# This Week in Television

Comes to you through the sponsorship of these friendly merchants. If you like this TV log let them know that you saw their advertisement in the Sierra Madre News.

—EFFECTIVE AUGUST 30 THROUGH SEPTEMBER 5—

## Look . . . Hear. Now!

BY STUART AND JANE HEINEMANN

Television prepared this week for its fall debut, promising set owners a "wide variety of new network programs" to complement nearly a score of new local shows already premiered.

Proving that he still is the man to beat in the TV popularity race, Milton Berle is setting new attendance records at a N. Y. vaudeville show. He promises that his Texaco program will be "bigger and better than ever." Berle, Frank Sinatra, Ed Sullivan and other video headliners will make their return big splash in October.

Local TV, meanwhile, declined to wait until next month to show the new fall styles. KTTV appeared most active in the program department, coming up with the following: "Let's Face It," a quizzer with panel members trying to guess the "mystery face" from portraits drawn by a famous American artist, Monday, 8:30-9 p. m.

"Opinion, Please," which rewards viewers for best problem submitted to panel of KTTV stars for solution, Jack Rourke emcees, Tuesday 8:30 p. m.

Major Feature Theatre, first run (for TV) feature films, Wednesday, 7:00 p. m.

Twenty-six Charlie Chaplin 30-minute silent comedies (with sound effects and music) Tuesday 7:00 p. m.

KECA-TV welcomed "Life With Linkletter" to Channel 7, Friday 7:30 p. m. and made preparations for the video debut of two who-dunits next month: "The Amazing Mr. Malone" and "Mr. District Attorney."

At KTSB, Ralph Bellamy has just returned to "Man Against Crime" for his third season, Friday 8:30 p. m.

KTLA, which makes few program changes, has added three new shows and plans at least one more addition. Going on the air at 3:30 p. m., the station is introducing a new, "Playmaster's Club" at 5:00 p. m. Mon. through Fri. and "Flicker Snickers" Thursday, 7:15 p. m. "Snickers" are old-time silent movies with live comments by Bud Stefan. Lawrence Welk's Champagne Music is back, Friday, 10:30 p. m. And Harry Owens' Royal Hawaiians will sail in soon.

KLAC-TV has just added "Three Generations," Sunday, 6:30 p. m. Family teams of three generations are pitted in talent contest. Harry Von Zell, a KLAC announcer 20 years ago, emcees.

Set owners should be getting clearer pictures now on Channel 4—and on Channel 2, soon. KNBH's increased power is bringing favorable comments from many locales, even Bakersfield and San Diego. KTSB, meantime, eagerly anticipates moving transmitter to Mt. Wilson. FCC has quit pouting and will allow the move, probably in 30 days.

The lone picket who patrols the sidewalks at strike-hour KFTV is reported to have worn out three pairs of shoes since he took over the full-time job less than three months ago.

## CAPSULE CRITIC . . .

Proving again that Mr. Average American is a natural born "ham" actor, KLAC-TV's "Anniversary Party" (Saturday 7:00 p. m.) uses America's boundless free amateur talent rolls to good advantage.

"Anniversary Party" celebrates the anniversaries for couples who write in the best letters about the music they associate with their romance. Selected couple is invited to bring along two couples—friends or relatives—to help celebrate their anniversary. Pretty Carol Richards shares emcee and vocal honors with Charles Lind, former musical comedy and ex-KFTV star. Sprightly movement is given show by director Betty Turbiville. Music is by Bill Wardell.

When Red Skelton makes his TV debut this month he'll be getting a few dollars more than his first job—a medicine show, at \$1 weekly.

## RADIO ACTIVE . . .

The radio battle of the century looms this month when CBS and NBC stage a free-for-all for the Sunday afternoon audience. NBC is launching "The Big Show" from London on Sept. 30, the biggest single radio extravaganza on the air, 90 minutes of Bankhead et al. Perhaps a little worried that its "Jack Benny Show" might need help against the NBC onslaught, CBS is throwing three more top shows into the breach. They are: "The Frankie Laine Show," "My Friend Irma" and "Edgar Bergen-Charlie McCarthy." What a Sunday afternoon!

## COMMERCIAL COMMENT . . .

"That show's commercials are so long they ought to sell spot announcements on them!"
